The party reached the school building during the afternoon session and pounded doors, windows and walls until it was impossible to proceed with recitations. The actions of the young men were so malicious that it has been determined to proceed against them. The names of several of the crowd are known and arrests will doubtless follow.

Special exercises were conducted at the schools yesterday and barring the annoyance of the youngsters from town everything passed off in an enjoyable manner. Several new scholars were added to the rolls last week, and Miss Ethel J. Moore, the teacher in charge, is meeting with good success.

FAIR PLAY IS ALL THE SHERIFF ASKS

Feels Satisfied That Democratic Opponents Cannot Defeat Him.

NO ANSWER YET RETURNED

To His Demand That Proof in Substantiation of Charges Be Produced. Lovers of Fairness Not Disposed to Help the Democracy.

Lisbon, November 2.—(Special)—Democratic emissaries and agents were in Lisbon yesterday to try to enlist support for Leonard, their candidate for sheriff. Men with a similar errand have been quite numerous here for several days. If they have accomplished anything it is not apparent on the surface, and Sheriff Noragon is in no way alarmed or uneasy.

When asked today how his canvass was progressing, he expressed himself as fully satisfied with the outlook. Asked as to recent attacks upon him in circulars and resolutions, the sheriff said:

"I have already stated my position pretty fully, and I don't know that there is anything more to say until proof is produced that I have done more than the duties of my office required. I stated some time ago that I never appointed any deputy sheriffs to serve during the Wellsville strike and challenged anybody and everybody to produce evidence that I did. That proof has not been forthcoming. I also stated that I went to Wellsville at the request of the mayor of that city, who said my services were needed to preserve order there. No denial of this statement has ever been attempted. I also challenged any one to show wherein I had been hostile to the cause of union labor. So far not a scintilla of evidence has been adduced along that line. They have now left off saying that I appointed non-union deputies, as the records of the clerk of the courts prove that no deputy sheriffs at all have been appointed during the past six months."

"But, sheriff, they say that you and your deputies worked in the interests of the trust at Wellsville and protected non-union men by escorting them to and from their labor."

"There is no truth in the statement. Neither my deputies nor I did anything of the sort. It would be easy to prove that such were case, if the story were true. Find any reputable citizen of Wellsville, if you can, who will attempt to dispute what I say."

"If non-union men acted in the capacity of officers at Wellsville they were simply acting police, sworn in or set to work by the mayor. I never advised him to make such appointments, and he never consulted me about the matter at all. Had I failed to respond to the mayor's call, I would have violated my oath of office and the law. I would have been deposed from office, too."

"How is that?"

"Didn't you read what Gov. Nash said at Wellsville the other day? It has been quite generally published and no contradiction of it attempted."

Here the sheriff showed a newspaper clipping, telling of an interview which David Mannist, of Wellsville, had with the governor on Wednesday, and of which Mr. Mannist made the following statement:

"I spoke to Gov. Nash about Sheriff Noragon and about the fight that was being made against him, because he came here during the strike. The governor said it was the duty of the sheriff to respond to all calls from the duly constituted authorities of cities in times of threatened trouble or outbreaks, and that a sheriff who did not do his full duty in a case of this kind would have his commission taken from him by the governor of the state."

"I stand ready to meet my accusers and all I ask is fair play," said the sheriff. "But I do not consider it fair to condemn a man unheard or on the sensational stories circulated in irresponsible newspapers. Fair minded partisans, whether Republicans or Democrats, will not countenance that sort of thing. Here is the Lisbon Patriot, a staunch Democratic paper, which thinks I am entitled to a hearing."

The sheriff pointed to a paragraph in that paper, which reads as follows:

"The story in last evening's Daily giving Sheriff Noragon's side of the strike story has caused much com-

ment among Lisbon people and many have abused the Patriot. We will say that the Patriot believes in giving both sides an equal footing and we always endeavor to treat everybody alike. If Mr. Noragon has any defense why should he not express it?"

"In this connection," said the sheriff, "it can be positively stated that many good Democrats who are opposing me are doing so on political grounds wholly, and scornful to use the strike argument against me. The indignation of Republicans here is great that any who call themselves Republicans should allow themselves to be used as catspaws to pull Democratic chestnuts out of the fire."

A BIG WORK

UNDERTAKEN BY THE C. & P. NEAR IRONDALE.

It is Thought the Purpose is to Tunnel a Hill Near That Town.

Irondale, November 2.—(Special)—Work is in progress on the C. & P. railroad near this city which is causing no end of speculation among the residents.

A large force of men has been at work for several days some distance north of the town. Repeated efforts have been made to ascertain the nature and extent of the improvements, but no one connected with the work will talk. From what could be learned by watching the progress of the work, however, it is thought it is the intention of the company to tunnel the big hill just west of town. If this conjecture be true, the undertaking is one of the biggest tasks with which the Pennsylvania has had to contend in a long time. The company's reasons for keeping the matter a secret are not known, but it is thought in case the plans were made public some difficulty might be experienced in securing rights of way.

PURCHASED BEER WITH BAD MONEY

Mike Piller, a Slav, Unwittingly Gets Himself Into Serious Trouble.

SPURIOUS SILVER COIN

Given By Him in Exchange for Drinks in an East End Saloon—Arrested And Jailed, But Will Not Be Held for the Offense.

A Slav, named Mike Piller, who has been employed in the East End, was locked up in the city jail last night charged with circulating counterfeit money. He was arrested by Officer John Spence.

The prisoner has been boarding at the home of George Kohut, near the East End fire station. A few weeks ago another boarder at the same house took his departure from the city, and on paying his board gave Mr. Kohut a bogus 50-cent piece.

Kohut soon discovered the bad coin and gave it to one of his children to play with. Piller saw the coin lying on the floor yesterday and told Kohut he was going to buy some beer with it. He was warned not to do so, but a short time later when Kohut was absent Piller took the worthless coin to Henry Neining's saloon, where he passed it. He bought 15 cents worth of beer and was given 35 cents in change.

While making change for another man some time later Neining discovered the bogus money and took it at once to Kohut's home, where Piller was found. Officer Spence, who accompanied Neining, then placed Piller under arrest.

Piller, who can talk but little English, made no denial that he passed the bad money, nor does he deny that he was warned not to do so. The coin is in Mayor Davidson's possession. It is a poor imitation of the genuine article, being composed of lead and is badly mutilated. It bears the date of 1899.

After fully investigating the case today Mayor Davidson learned that Piller has been drunk for four weeks and that he was under the influence of liquor when he passed the spurious coin. He is being held for intoxication and will not be prosecuted on the other charge.

A. Stevenson was shifted to right tackle, Humble taking his place at guard. Booth will be saved for the Bethany game and Baker will take his place at right half, with Wheatley playing the fullback position. In the absence of McLane, who was called away on business, J. Stevenson and Brown will alternate at left field.

The home team expect a hard game with Bethany college next Tuesday, as the collegians defeated Martin's Ferry last Saturday by the score of 54 to 0.

Bethany is said to be stronger than they have been for several years, and will no doubt come here with the expectation of adding another victory to their list.

FAIR PLAY IS ALL THE SHERIFF ASKS

Feels Satisfied That Democratic Opponents Cannot Defeat Him.

NO ANSWER YET RETURNED

To His Demand That Proof in Substantiation of Charges Be Produced. Lovers of Fairness Not Disposed to Help the Democracy.

Lisbon, November 2.—(Special)—Democratic emissaries and agents were in Lisbon yesterday to try to enlist support for Leonard, their candidate for sheriff. Men with a similar errand have been quite numerous here for several days. If they have accomplished anything it is not apparent on the surface, and Sheriff Noragon is in no way alarmed or uneasy.

When asked today how his canvass was progressing, he expressed himself as fully satisfied with the outlook. Asked as to recent attacks upon him in circulars and resolutions, the sheriff said:

"I have already stated my position pretty fully, and I don't know that there is anything more to say until proof is produced that I have done more than the duties of my office required. I stated some time ago that I never appointed any deputy sheriffs to serve during the Wellsville strike and challenged anybody and everybody to produce evidence that I did. "How is that?"

"Didn't you read what Gov. Nash said at Wellsville the other day? It has been quite generally published and no contradiction of it attempted."

Here the sheriff showed a newspaper clipping, telling of an interview which David Mannist, of Wellsville, had with the governor on Wednesday, and of which Mr. Mannist made the following statement:

"I spoke to Gov. Nash about Sheriff Noragon and about the fight that was being made against him, because he came here during the strike. The governor said it was the duty of the sheriff to respond to all calls from the duly constituted authorities of cities in times of threatened trouble or outbreaks, and that a sheriff who did not do his full duty in a case of this kind would have his commission taken from him by the governor of the state."

"I stand ready to meet my accusers and all I ask is fair play," said the sheriff. "But I do not consider it fair to condemn a man unheard or on the sensational stories circulated in irresponsible newspapers. Fair minded partisans, whether Republicans or Democrats, will not countenance that sort of thing. Here is the Lisbon Patriot, a staunch Democratic paper, which thinks I am entitled to a hearing."

The sheriff pointed to a paragraph in that paper, which reads as follows:

"The story in last evening's Daily giving Sheriff Noragon's side of the strike story has caused much com-

ment among Lisbon people and many have abused the Patriot. We will say that the Patriot believes in giving both sides an equal footing and we always endeavor to treat everybody alike. If Mr. Noragon has any defense why should he not express it?"

"In this connection," said the sheriff, "it can be positively stated that many good Democrats who are opposing me are doing so on political grounds wholly, and scornful to use the strike argument against me. The indignation of Republicans here is great that any who call themselves Republicans should allow themselves to be used as catpaws to pull Democratic chestnuts out of the fire."

A BIG WORK

UNDERTAKEN BY THE C. & P. NEAR IRONDALE.

It is Thought the Purpose is to Tunnel a Hill Near That Town.

Irondale, November 2.—(Special)—Work is in progress on the C. & P. railroad near this city which is causing no end of speculation among the residents.

A large force of men has been at work for several days some distance north of the town. Repeated efforts have been made to ascertain the nature and extent of the improvements, but no one connected with the work will talk. From what could be learned by watching the progress of the work, however, it is thought it is the intention of the company to tunnel the big hill just west of town. If this conjecture be true, the undertaking is one of the biggest tasks with which the Pennsylvania has had to contend in a long time. The company's reasons for keeping the matter a secret are not known, but it is thought in case the plans were made public some difficulty might be experienced in securing rights of way.

The buck kept up his charges for several minutes and Curfman managed to get to a fence while wrestling with the angry sheep. He got over the fence, escaping further assault, but was severely bruised and his clothing was badly rent.

PURCHASED BEER WITH BAD MONEY

Mike Piller, a Slav, Unwittingly Gets Himself Into Serious Trouble.

SPURIOUS SILVER COIN

Given By Him in Exchange for Drinks in an East End Saloon—Arrested And Jailed, But Will Not Be Held for the Offense.

A Slav, named Mike Piller, who has been employed in the East End, was locked up in the city jail last night charged with circulating counterfeit money. He was arrested by Officer John Spence.

The prisoner has been boarding at the home of George Kohut, near the East End fire station. A few weeks ago another boarder at the same house took his departure from the city, and on paying his board gave Mr. Kohut a bogus 50-cent piece.

Kohut soon discovered the bad coin and gave it to one of his children to play with. Piller saw the coin lying on the floor yesterday and told Kohut he was going to buy some beer with it. He was warned not to do so, but a short time later when Kohut was absent Piller took the worthless coin to Henry Neining's saloon, where he passed it. He bought 15 cents worth of beer and was given 35 cents in change.

While making change for another man some time later Neining discovered the bogus money and took it at once to Kohut's home, where Piller was found. Officer Spence, who accompanied Neining, then placed Piller under arrest.

Piller, who can talk but little English, made no denial that he passed the bad money, nor does he deny that he was warned not to do so. The coin is in Mayor Davidson's possession. It is a poor imitation of the genuine article, being composed of lead and is badly mutilated. It bears the date of 1899.

After fully investigating the case today Mayor Davidson learned that Piller has been drunk for four weeks and that he was under the influence of liquor when he passed the spurious coin. He is being held for intoxication and will not be prosecuted on the other charge.

A STRONG TEAM

East Liverpool Y. M. C. A. Will Give Sebring a Hot Contest Today.

The big foot ball game between the Y. M. C. A. and Sebring teams is being played at West End park this afternoon in the presence of an immense crowd.

A decided change was made in the lineup yesterday afternoon, and the team that started the game today is conceded to be the strongest that ever represented the city.

A Stevenson was shifted to right tackle, Humble taking his place at guard. Booth will be saved for the Bethany game and Baker will take his place at right half, with Wheatley playing the fullback position. In the absence of McLane, who was called away on business, J. Stevenson and Brown will alternate at left field.

The home team expect a hard game with Bethany college next Tuesday, as the collegians defeated Martin's Ferry last Saturday by the score of 54 to 0.

Bethany is said to be stronger than they have been for several years, and will no doubt come here with the expectation of adding another victory to their list.

A FITTING TRIBUTE

A Citizen of East Liverpool Pays a Well Earned Tribute.

The following public statement of a respected citizen adds one more emphatic endorsement of merit to the scores that have appeared before.

Mr. H. Thompson, of 306 Fourth street, presser at the D. E. McNicol pottery and resident of East Liverpool for the past 45 years, says: "During my campaign experiences between the years of '61 and '64, I contracted a weakness of the kidneys, and at intervals I had an aching pain across the small of my back, and was subject to attacks of muscular rheumatism, especially in damp weather. I was frequently so bad that I could scarcely get up when down, and in fact could hardly get around at all. I tried many remedies endeavoring to get rid of the trouble, but found nothing until I got Doan's Kidney Pills at the W. & W. pharmacy. They filled the bill exactly. They gave me almost immediate relief and warded off the last attack."

COLLEGE MEN'S FIGHT

A Fierce Contest On at Washington And Jefferson—Many Injured.

Washington, Pa., November 2.—The freshmen and sophomore classes of Washington and Jefferson college are engaged in a desperate fight for class supremacy. Last evening the "freshies," according to the annual custom, erected their pole at college park and on top of it their class colors. A delegation of "freshies" secured the pole and put it up before the "sophs" knew what had happened, and soon had camp fires built and were prepared to defend it.

The "sophs" met later in the evening and prepared for an assault. There were about 75 men guarding the pole and less than this number of "sophs" made the attack. The first rush was a desperate one and was met with determined resistance. A number of the boys were laid out, but a second assault was made which also proved futile. The fight is one of the fiercest in the history of the college and it is likely to continue until well on in the day.

MEMORIAL SERVICE IN JAPAN FOR LATE PRESIDENT.

Pittsburg, Nov. 2.—Memorial service for President McKinley, as held in Japan has been described in an interesting manner by a young woman of Bellevue, traveling in that country at the time. All the pomp and show of state and military authority were displayed, the same as when the queen of England died. Soldiers, statesmen and Americans filled the little church in Tokio to its capacity and few Englishmen received tickets to the memorial service. There was not room for other nationalities in the church. The services were conducted by the High Episcopal church ritual and were very impressive.

UP-TO-DATE ART IN THIS CITY

As Fine Portraits and Photos Made Here As Can Be Found Anywhere.

NOVELTIES INTRODUCED

And Picture Making In All Its Phases Carried on in a Style that is a Revelation—What a Visit to Spencer's Studio Reveals.

A little over a year ago Mr. R. E. Spencer arrived in this city and opened a photograph gallery on the fourth floor of the First National bank building. At that time there was not a person in the city who did not think Mr. Spencer was making a mistake in locating here, as the city was well supplied with photograph studios and there did not seem to be room for any more. Mr. Spencer had only been here a short time when the residents of the city began to realize that there was an art about the photograph business that they had never known, and it can be said to his credit that he has changed the style of portraits and photos for this city, and we are now as up-to-date in the photograph line as any metropolitan gallery.

Mr. Spencer came here with the best of recommendations, having been head operator for Ullin & Pfeiffer, Columbus; Bingham, Memphis; Becker, Cleveland, and Parsons, Wheeling, and having also served with Courtney, Canton. During the time he spent with these firms his portraits had appeared before the National Photographic association twice, and had taken first prize in each instance. The people here were willing to give him a trial. It did not take long to learn that Mr. Spencer was a believer in the saying that any person can make a photo, but everybody cannot make a picture and still retain the likeness. After he had taken a number of pictures and placed them on exhibition his business began to increase, and that he is appreciated here is shown by his success during his first year in this city.

There is always something new under the sun, and Mr. Spencer keeps abreast of the times in his art. When a News Review reporter visited his studio this morning he found it fitted up with the latest improved lenses and the artist prepared to make the finest photos known to his profession. In addition to this the reporter found that Mr. Spencer was turning out hand painted miniatures on ivory and porcelain that excel anything of the kind ever seen in the city. The grade of water colors and pastels made at this art studio are a revelation to the lover of fine art in pictures, and are not equaled anywhere in the country. Previous to the opening of this first class studio it had been the custom of many local people to visit Cleveland and Pittsburg when wanting any portrait work, but they soon discovered that they could have the same work done at home and at a much cheaper rate.

Seeing is believing, and all you have to do to be convinced that the best portrait work ever made in the city is made by Spencer is to visit his studio on the fourth floor of the First National bank building, Washington street. It is easily reached. The elevator lands you right at the studio door. Ring for the elevator. 119-h

London Paper Says England and America May Act.

London, Nov. 2.—The Spectator, discussing the continued agitation in Central Europe against the United States, will say today:

"There is, in fact, a real danger. If the conservative parties on the continent, which include the Agrarians, clericals and absolutists and the vast mass of the peasantry, should achieve a temporary triumph, a grand effort will be made to boycott the United States and the Argentine republic as a protection for vital interests, threatened by their competition. Although the movement will pass, and probably the hatred with it, the common enemies and common interests of England and America will tend to drive all who speak English and sell and buy food freely into a single defensive group."

It did not take long to learn that Mr. Spencer was a believer in the saying that any person can make a photo, but everybody cannot make a picture and still retain the likeness. After he had taken a number of pictures and placed them on exhibition his business began to increase, and that he is appreciated here is shown by his success during his first year in this city.

There is always something new under the sun, and Mr. Spencer keeps abreast of the times in his art. When a News Review reporter visited his studio this morning he found it fitted up with the latest improved lenses and the artist prepared to make the finest photos known to his profession. In addition to this the reporter found that Mr. Spencer was turning out hand painted miniatures on ivory and porcelain that excel anything of the kind ever seen in the city. The grade of water colors and pastels made at this art studio are a revelation to the lover of fine art in pictures, and are not equaled anywhere in the country. Previous to the opening of this first class studio it had been the custom of many local people to visit Cleveland and Pittsburg when wanting any portrait work, but they soon discovered that they could have the same work done at home and at a much cheaper rate.

Seeing is believing, and all you have to do to be convinced that the best portrait work ever made in the city is made by Spencer is to visit his studio on the fourth floor of the First National bank building, Washington street. It is easily reached. The elevator lands you right at the studio door. Ring for the elevator. 119-h

TO FIGHT EUROPEAN COMBINE.

London Paper Says England and America May Act.

London, Nov. 2.—The Spectator, discussing the continued agitation in Central Europe against the United States, will say today:

"There is, in fact, a real danger. If the conservative parties on the continent, which include the Agrarians, clericals and absolutists and the vast mass of the peasantry, should achieve a temporary triumph, a grand effort will be made to boycott the United States and the Argentine republic as a protection for vital interests, threatened by their competition. Although the movement will pass, and probably the hatred with it, the common enemies and common interests of England and America will tend to drive all who speak English and sell and buy food freely into a single defensive group."

INSURANCE

Uneasy lies the head of the man who is not insured.

To rest peacefully you need the consciousness that your property is protected by insurance that insures. During the past ten months 25 fire insurance companies have ceased doing business. Those that are retiring were the companies that were writing for a few cents less than the usual charge. Don't run the risk of having a policy which in event of loss may prove of no more value than a piece of waste paper. Our customers all rest peacefully.

VICTORY FOR BOERS.

68 British Killed and 166 Wounded--Attack During a Thick Mist.

KITCHENER REPORTS DISASTER.

Col. Benson Died of Wounds—The General Said Boers Suffered Heavily, but He Had Not Yet Received Reliable Estimate.

London, Nov. 2.—The following is the text of a dispatch from Lord Kitchener, dated Pretoria, Nov. 1: "I have just heard of a severe attack made on the rear guard of Colonel Benson's column, when about 20 miles northwest of Bethel, near Brok enlaagte, during a thick mist. "The strength of the enemy is reported to have been a thousand. They rushed two guns with the rear guard, but it is uncertain whether they were able to remove them. "I fear our casualties were heavy. Colonel Benson was wounded, but not severely. A relieving column will reach him this morning. "Later Lord Kitchener telegraphed as follows:

"Colonel Barter, who marched from the constabulary line yesterday, reached Benson's column early this morning (Friday) unopposed. He reports that Colonel Benson died of his wounds. "The other casualties are the following:

Casualties Among British.

"Killed—Colonel E. Guinness, Major F. D. Murray, Captains M. W. Lindsay and F. T. Thorold, Lieutenants E. V. I. Brooks and R. E. Shepherd and R. E. Shepherd, and Second Lieutenant A. J. Corlett. Died of his wounds—Captain Eyre Lloyd. "Lord Kitchener then gives the names of 13 other officers who were wounded, most of them severely, and announces that 54 non-commissioned officers and men were killed and 160 wounded, adding that four of the latter have since died of their wounds. The dispatch then says: "I assume that the two guns have been recovered and the enemy has withdrawn, but I have no further details.

Benson a Gallant Officer.

"I deeply regret the loss of Colonel Benson and the officers and men who fell with him. In Benson the service loses a most gallant and capable officer, who invariably led his column with marked success and judgment. "The fighting was at very close quarters and maintained with great determination by both sides. The enemy suffered heavily, but I have not yet received a reliable estimate. "The Boers retired east."

NO FRESH PLAGUE CASES.

U. S. Consul Boyle Looking After Precautionary Measures.

Glasgow, Nov. 2.—No additional cases of the plague had been officially reported up to a late hour last night. Two hundred employees of the Central Station hotel are confined to the hotel precincts for observation. Liverpool, Nov. 2.—The three cases of bubonic plague now in the hospital here are doing well and no fresh cases have been officially reported. James Boyle, United States consul, conferred with representatives of the American lines regarding extra precautions, particularly in connection with emigrants. He has also asked the railway companies to have emigrant cars disinfected.

COUNTY AND NEIGHBORHOOD

Waynesburg (Pa.) college is celebrating its semi-centennial.

Fourteen shops are idle at Crystal glass works in Martin's Ferry as a result of a strike instituted by boys employed there. They are demanding higher wages.

The trial of Francisco Joseffo Favoli for the killing of William and Jacob Eldener at Wheeling Junction, on July 4, ended in the discharge of the defendant. The Italian proved an alibi. Frank Summers was arrested at Salem on a warrant sworn out by J. P. Boals, charging him with appropriating partnership funds to his own use to the extent of \$88. He gave bail for court.

Mrs. Thomas Smith, of Toronto, was painfully cut about the face and head by slag from the street car tracks, which was thrown at her by several girls who were observing Halloween.

By an explosion of blasting powder at the Briar Hill Stone company's quarry near Youngstown, two men were fatally and a third badly burned. The victims are James Patterson, Leo Parant and John Italico.

The American Bridge company was awarded the contract for the Wabash bridge across the Monongahela river at Pittsburgh. The contract was for the superstructure alone. It is worth between \$600,000 and \$700,000.

A young man named Rawlins was badly hurt at Myers' mill, near Toronto. He was at work on a bridge being constructed when a heavy stone fell on him, bruising and cutting his left thigh in a frightful manner.

Clarence Kelley, aged 18 years, in the employ of W. P. Black, a farmer of Willis Creek, near Steubenville, was found lying in the road with a rifle bullet through his body. Kelley had been herding cattle and was out in the field with a rifle.

Willis M. Hatch, who lives south of Columbiana, was robbed recently of a wagon load of potatoes, canned fruits, corn and oats, and other things which the thieves thought would come in handy during the winter. Mrs. Hatch saw the rascals drive away with their plunder.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only cure known to the medical world. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. Casualties Among British.

"Killed—Colonel E. Guinness, Major F. D. Murray, Captains M. W. Lindsay and F. T. Thorold, Lieutenants E. V. I. Brooks and R. E. Shepherd and R. E. Shepherd, and Second Lieutenant A. J. Corlett. Died of his wounds—Captain Eyre Lloyd."

Lord Kitchener then gives the names of 13 other officers who were wounded, most of them severely, and announces that 54 non-commissioned officers and men were killed and 160 wounded, adding that four of the latter have since died of their wounds.

The dispatch then says: "I assume that the two guns have been recovered and the enemy has withdrawn, but I have no further details.

Benson a Gallant Officer.

"I deeply regret the loss of Colonel Benson and the officers and men who fell with him. In Benson the service loses a most gallant and capable officer, who invariably led his column with marked success and judgment.

"The fighting was at very close quarters and maintained with great determination by both sides. The enemy suffered heavily, but I have not yet received a reliable estimate.

"The Boers retired east."

NO FRESH PLAGUE CASES.

James Boyle, United States consul, conferred with representatives of the American lines regarding extra precautions, particularly in connection with emigrants. He has also asked the railway companies to have emigrant cars disinfected.

Jumped on a Ten-Penny Nail.

The little daughter of Mr. J. N. Powell jumped on an inverted rake made of ten penny nails, and thrust one nail entirely through her foot and a second one half way through. Chamberlain's Pain Balm was promptly applied and five minutes later the pain had disappeared and no more suffering was experienced. In three days the child was wearing her shoe as usual and with absolutely no discomfort. Mr. Powell is a well known merchant of Forkland, Va. There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

THE ELECTION ISSUES.
The campaign of 1901 virtually
closes tonight. It has been short
and not especially exciting. But no
great amount of campaign oratory
was necessary. The voters of Ohio are
intelligent men who read and keep
posted. The majority of them are
therefore thoroughly familiar with
the issues presented. It is simply the
old fight of the "outs" against the
"ins." The Democracy has made a
vain attempt to show why the reins
of the state government should be
turned over to it. It has furnished
no convincing reason why a state ad-
ministration that is admittedly one
of the best that Ohio ever had should
be voted out of office and the affairs
of this great commonwealth turned
over to a crowd that is always hun-
gering and thirsting after the spoils
of office. Governor Nash has proved him-
self a capable executive—a man with
stamina and moral courage as well as
good business sense. There has been
no mismanagement in any department
during his term in office. On the con-
trary a record has been made that the
Democrats in their brightest days
never matched or approached. The
payment of the state debt is virtually
accomplished and the state finances
were never in better shape. No busi-
ness man, no man with the real inter-
ests of the state at heart, desires to
see a change. The whole state ticket
deserves to be elected, and it will be.

More important, however, than the
election of Republican state officers, is
the election of a Republican legisla-
ture. The brilliant and brainy states-
man, Joseph B. Foraker, is the Repub-
lican candidate for election to the
United States senate. He has made
a record in that body which the whole
state is proud of, which has won new
laurels for Ohio statesmanship. A
Democratic legislature would displace
him and put a boodle boss or a hire-
ling of such a boss in his seat. Is
there anything in the record of Ohio
Democratic senators in recent years
that should make the people desirous
of electing another of that sort?
Another matter of prime impor-
tance: On the coming legislature will
devolve the duty of redistricting the
state for congressional districts. That
is a work that should be done by men
who can be trusted. No Republican
wants to see the representation of his
party in congress reduced, and the
whole state has had all the experi-
ence it wants with Democratic gerry-
manders.

Most important of all, the whole
country is looking to Ohio for approval
of the policies under which the
country has prospered as never before.
A vote for the Ohio Republican ticket
is a vote of approval of the magnifi-
cent statesmanship of the late Wil-
liam McKinley and of confidence in his
successor. Ohio Republicans would

indeed be recreant and ungrateful
should they fail to honor the men and
the acts which have brought such re-
nown and glory to their party.
The county ticket is composed of
fearless, honest men, whose party loy-
alty cannot be questioned. The whole
ticket, from top to bottom, should re-
ceive enthusiastic support. Don't give
the Democrats a chance to gather a
single crumb of comfort from the re-
sult of this election; they don't de-
serve it.

A CITIZEN'S FIRST DUTY.
The right of suffrage is one of the
most glorious privileges of American
citizenship. Every male citizen, 21
years old, not disqualified for some
excellent reason, can go to the polls
and declare by his ballot what men
he desires to hold state, national or
local offices, and through them, what
policies he favors. The vote of the
humblest and poorest citizen counts
for as much as that of the richest. At
the polls the men are equal. Attempts
to disfranchise voters or defraud them
of their rights would provoke trouble
quicker than almost anything else one
could imagine. Riot and revolution
might be expected to follow such ef-
forts. Citizens of Ohio who would
not fight to maintain their inalienable
and God-given rights would be looked
upon as poor and spiritless creatures.
Yet, so, great is the perversity of
human nature, there is never a general
election held in this state at which
thousands of men who are entitled to
vote do not fail to exercise that privi-
lege. They voluntarily disfranchise
themselves, and usually for no good
reason. It is a very poor sort of a
church member who never goes to
church; a member of a lodge who
takes no active part in its affairs is
not of much account in the organiza-
tion; a person who is a member of a
stock company or a corporation and
never meets or votes with his asso-
ciates could not reasonably complain
if its affairs should go wrong. So with
the member of a political party; he
cannot escape responsibility if there
is a defeat, unless he has voted and
worked to compass victory.

An American citizen lives under the
best government on earth. If he has
the proper spirit in him he will show
his appreciation of his privileges and
do his duty as a patriot and a voter.
Don't do what you would allow no
one else to do and deprive yourself of
a vote.

VOTE THE STRAIGHT TICKET.
When the ballots are counted next
Tuesday night we trust it will be ap-
parent that the Republicans of this
grand Republican county have done
their whole duty. There is not the
shadow of an excuse or reason for
failure to give the entire ticket un-
qualified support. There is not a man
on the ticket whose Republicanism
can be doubted or whose honesty,
worth and fidelity to duty can be ques-
tioned. Don't scratch the ticket. You
have no cause to do so. It is bad poli-
tics, and besides that, you are likely
to make a lot of the job and lose
your vote. All Republican votes will
be needed; something more than votes
enough to elect are demanded. We
want a Republican majority in this
state this year that shall be over-
whelming and conclusive; one that
shall make it evident to the whole
country that the people of Ohio have
no sympathy with the men who would
haul down the American flag or strike
a blow at our industries. If you are a
Republican, be a Republican all
through and lend not the least aid or
comfort to the enemy.

UNION OF METHODIST CHURCHES
North and South, to Be Further Con-
sidered at Next Semi-Annual
Conference.

Cincinnati, Nov. 2.—Bishop Good-
sell presided at the morning session
of the Methodist bishops. It was de-
cided to hold the next semi-annual
conference at Chattanooga, at which
time closer relations and the union of
the churches north and south will be
further considered.
Dr. James M. Wing, who was the
first assistant of the late Dr. Spencer,
of Atlanta, was elected corresponding
secretary of the Church Extension so-
ciety, with headquarters at Philadel-
phia. Dr. King's successor will not
be named until next week.
The reports of Bishops Cranston,
Merrill and Andrews were presented
and referred to the committees for
further consideration.
Bishop McCabe presided at the af-
ternoon session, which was devoted
to reports from nine foreign countries.
Bishop Thoburn, who is present, re-
ported for his conferences in India,
Bengal, Burma and the Philippines.
Bishop Vincent, for the European
conferences, and Bishop Hartzell, for
the African conferences, reported by
letter.
Bishop Hartzell is now en route to
South Africa. He is able to travel
from Cape Town by railway to New

POTTERY NEWS

The committee representing local
union No. 12 has completed the work
of gathering data respecting the
prices paid for the finishing of the
various products of the clay worker.
The 7 and 8-inch plain plates were
listed previous to this at 90 cents per
100 dozen. A number of jiggersmen
were paying \$1 per 100 dozen; it was
decided by local union No. 12 to make
the list price \$1 per 100 dozen. Small
bowls, heretofore paying 2 cents per
dozen, shall be finished at a 1 1-2
cents per dozen rate. What is meant
by this is bowls from 2 1/2 down. The
festoos plate will remain as listed,
and as a number of jiggersmen were
paying \$1.40 per 100 dozen, they were
given to understand that hereafter
the price paid shall be \$1.25 per 100
dozen as listed.

As yet novelties and specialties have
not been taken up by the committee,
but they will be looked after in the
near future, as it is the intention of
both locals to have a list arranged.
The object is to have the price on
staple articles settled at once.

Members of the finishers' local are
responsible for the statement that no
trouble will be experienced in having
the new prices adopted by their mem-
bership.

Local union No. 31, of East Pale-
stine, is growing. In the past month
they have taken in 40 members. The
finishers and fillers-in at the old shop
have entered the ranks, and within a
few more weeks they expect to have
all that are qualified in the ranks of
the Brotherhood.

Ed Hatton, with his transferrer,
Maggie Stoffel, and rubber, Miss Mor-
ley, who have been working at the
Standard for the past week, will re-
turn to their old positions at Wallace
& Chetwynd's Monday.

George Stevenson has resumed his
duties as foreman of the clay depart-
ment at the Laughlin No. 2, taking the
place of William McClure, who resign-
ed. Mr. Stevenson went from the
Standard.

Work has been suspended on the
two new kilns at the Minor Fire Brick
company's works at Empire. They are
unable to get hands, which are neces-
sary for their completion.

While carrying molds yesterday
morning, George Campbell, a jigger-
man at the Standard, badly sprained
his back. He was compelled to loaf
yesterday afternoon.

The Little Giant clay mine in To-
ronto is said to be the largest of its
kind in the United States. Twenty-
two men are employed and the output
is 200 tons daily.

Miss Ida Gardner has resigned her
position as filler-in at Harker's and ac-
cepted a similar place at the Stand-
ard.

John Davidson has resigned his po-
sition as jiggerman at Murphy's and left
yesterday afternoon for Ford City,
where he has accepted a position.

Walter Smith has given up the cup
jigger at the Standard and accepted a
position batting out at the same plant.

Howard Johnson, a presser at Laugh-
lin No. 2, has been sick at his home on
Pennsylvania avenue since Monday.

Carl (Chicken) Ryan has started to
work in the clay shops at the Laugh-
lin No. 2, after a week's illness.

Ben Wise has resigned his position
at Laughlin No. 2, and accepted one as
jiggerman at the Standard.

Thomas Farrell and Louis Sanford,
dishmakers at Laughlin No. 2, are off
duty on account of illness.

H. McConnell, of Wheeling, yester-
day accepted a position as jiggerman
at the Standard.

The jiggersmen at the Laughlin No.
2 loafed yesterday on account of a lack
of boards.

Ed Herbert, of the National, is off
duty on account of a sore on his right
hand.

THE ELECTION ISSUES.

The campaign of 1901 virtually
closes tonight. It has been short
and not especially exciting. But no
great amount of campaign oratory
was necessary. The voters of Ohio are
intelligent men who read and keep
posted. The majority of them are
therefore thoroughly familiar with
the issues presented. It is simply the
old fight of the "outs" against the
"ins." The Democracy has made a
vain attempt to show why the reins
of the state government should be
turned over to it. It has furnished
no convincing reason why a state ad-
ministration that is admittedly one
of the best that Ohio ever had should
be voted out of office and the affairs
of this great commonwealth turned
over to a crowd that is always hun-
gering and thirsting after the spoils
of office. Governor Nash has proved him-
self a capable executive—a man with
stamina and moral courage as well as
good business sense. There has been
no mismanagement in any department
during his term in office. On the con-
trary a record has been made that the
Democrats in their brightest days
never matched or approached. The
payment of the state debt is virtually
accomplished and the state finances
were never in better shape. No busi-
ness man, no man with the real inter-
ests of the state at heart, desires to
see a change. The whole state ticket
deserves to be elected, and it will be.

More important, however, than the
election of Republican state officers, is
the election of a Republican legisla-
ture. The brilliant and brainy states-
man, Joseph B. Foraker, is the Repub-
lican candidate for election to the
United States senate. He has made a
record in that body which the whole
state is proud of, which has won new
laurels for Ohio statesmanship. A
Democratic legislature would displace
him and put a boodler boss or a hire-
ling of such a boss in his seat. Is
there anything in the record of Ohio
Democratic senators in recent years
that should make the people desirous
of electing another of that sort?

Another matter of prime impor-
tance: On the coming legislature will
devolve the duty of redistricting the
state for congressional districts. That
is a work that should be done by men
who can be trusted. No Republican
wants to see the representation of his
party in congress reduced, and the
whole state has had all the experi-
ence it wants with Democratic gerry-
manders.

Most important of all, the whole
country is looking to Ohio for approv-
al of the policies under which the
country has prospered as never before.
A vote for the Ohio Republican ticket
is a vote of approval of the magni-
ficent statesmanship of the late Wil-
liam McKinley and of confidence in his
successor. Ohio Republicans would

indeed be recreant and ungrateful
should they fail to honor the men and
the acts which have brought such re-
nown and glory to their party.
The county ticket is composed of
fearless, honest men, whose party loy-
alty cannot be questioned. The whole
ticket, from top to bottom, should re-
ceive enthusiastic support. Don't give
the Democrats a chance to gather a
single crumb of comfort from the re-
sult of this election; they don't de-
serve it.

A CITIZEN'S FIRST DUTY.

The right of suffrage is one of the
most glorious privileges of American
citizenship. Every male citizen, 21
years old, not disqualified for some
excellent reason, can go to the polls
and declare by his ballot what men
he desires to hold state, national or
local offices, and through them, what
policies he favors. The vote of the
humblest and poorest citizen counts
for as much as that of the richest. At
the polls the men are equal. Attempts
to disfranchise voters or defraud them
of their rights would provoke trouble
quicker than almost anything else one
could imagine. Riot and revolution
might be expected to follow such ef-
forts. Citizens of Ohio who would
not fight to maintain their inalienable
and God-given rights would be looked
upon as poor and spiritless creatures.

Yet, so great is the perversity of
human nature, there is never a general
election held in this state at which
thousands of men who are entitled to
vote do not fail to exercise that privi-
lege. They voluntarily disfranchise
themselves, and usually for no good
reason. It is a very poor sort of a
church member who never goes to
church; a member of a lodge who
takes no active part in its affairs is
not of much account in the organiza-
tion; a person who is a member of a
stock company or a corporation and
never meets or votes with his asso-
ciates could not reasonably complain
if its affairs should go wrong. So with
the member of a political party; he
cannot escape responsibility if there
is a defeat, unless he has voted and
worked to compass victory.

An American citizen lives under the
best government on earth. If he has
the proper spirit in him he will show
his appreciation of his privileges and
do his duty as a patriot and a voter.
Don't do what you would allow no
one else to do and deprive yourself of
a vote.

VOTE THE STRAIGHT TICKET.

When the ballots are counted next
Tuesday night we trust it will be ap-
parent that the Republicans of this
grand Republican county have done
their whole duty. There is not the
shadow of an excuse or reason for
failure to give the entire ticket un-
qualified support. There is not a man
on the ticket whose Republicanism
can be doubted or whose honesty,
worth and fidelity to duty can be ques-
tioned. Don't scratch the ticket. You
have no cause to do so. It is bad polit-
ics, and besides that, you are likely
to make a lot of the job and lose
your vote. All Republican votes will
be needed; something more than votes
enough to elect are demanded. We
want a Republican majority in this
state this year that shall be over-
whelming and conclusive; one that
shall make it evident to the whole
country that the people of Ohio have
no sympathy with the men who would
haul down the American flag or strike
a blow at our industries. If you are a
Republican, be a Republican all
through and lend not the least aid or
comfort to the enemy.

WELLSVILLE

EXCITING CHASE
AFTER A THIEF

Rochester, Pa., Man Made It Live-ly For a Man in a Boat.

SHOTS AND STONES USED

In the Battle Between Pursuer And Pursued, But the Suspect Was Over-powered And Landed in the Wells-ville City Jail.

There lies behind the bars in the city building a man who stands an excellent chance of "going the trip." His name he will not divulge. He is rather a tough looking customer, is of medium build and minus four fingers of his left hand. He was arrested over on the West Virginia shore after a hard and desperate chase which was given him by a man from Rochester, Pa., who claims that the prisoner stole some brass and a coil of rope from him.

The Rochester man, after missing the articles, heard that a man was seen around the river with some rope and other things and that he had floated down the river in a johnboat. He immediately got in a buggy and came to this city and watched for the man to arrive. In a very short time the fellow appeared and the Rochester man started out in the river after him. The suspect saw him and pulled for the other shore. Finding that he was being closely pursued he jumped overboard and swam to shore. Then he started up the bank on a run.

A few shots from his pursuer's revolver brought him to a halt, but he picked up some stones and hurled them at his follower. This did him little good, for he was soon brought to submission with the effect of a club and was dragged down to the river and brought to this side, where he was taken in charge by Constable Thorne and is now awaiting a hearing today before the mayor.

It is understood that the prisoner will not consent to go to Pennsylvania without requisition papers.

A ROUSING SPEECH

DELIVERED AT THE WELLSVILLE REPUBLICAN MEETING.

Hon. George W. Prince, of Illinois, Portrayed Campaign Issues in a Masterly Way.

The crowd which assembled in the auditorium of the city hall last night was small. This is attributed to the fact that several other attractions of general interest were held in various places over the city. The meeting, however, was filled with true Republican spirit and enthusiasm from start to finish.

The room presented a cheerful appearance, especially the stage, which had been artistically arranged by a committee. The beautiful national emblem hung on the surrounding walls, while on either side of the stage were excellent likenesses of several of our most prominent statesmen and politicians, among them that of Governor George K. Nash on the left, and that of President William McKinley on the right.

The speaker of the evening, Hon. George W. Prince, the well known congressman from Illinois; Attorney W. F. Lones and Dr. N. K. Mackenzie, took places on the stage shortly after 8 and the meeting was formally opened with an able introductory address by the acting chairman, Mr. Lones. With brief comment he presented the most important issues of the state and national government, at the conclusion of which he said:

"We have a gentleman with us who comes highly recommended as an orator of ability and worth and who will clearly point out to us the paramount ideas of the present most important campaign. That gentleman I now introduce to you, Hon. George W. Prince, of Illinois."

Congressman Prince well deserved this introduction, as was evidenced by the strict and uninterrupted attention given him throughout his discourse. He touched concisely but nevertheless very emphatically on every distinctive point pertaining to the ruling and government of this great nation. He showed with convincing statistics the condition of the people and the country of today as compared with the years 1893 to 1897 and portrayed clearly the imminent danger that would result if the country were again

thrown into the rule of Democracy.

After paying glowing tributes to Gov. Nash and Senator Foraker he ended his most satisfactory and able speech by saying:

"My dear friends, there is only one way for us American people to continue this unexcelled prosperity, and that is for every Republican to vote the straight Republican ticket from top to bottom for it hasn't a scab on it."

AN ALLEGED VICTIM

Of the Goose-Pasturing Game Badly Used Up on Hal-lowe'en.

Morris Graham was the alleged victim Thursday night of what is known as "goose-pasturing." For the boys who played the trick there was much fun, but Morris is wearing a bandaged eye and has bruises on several parts of his anatomy.

It all happened on Hallowe'en night and no arrests will follow.

The case of Joseph Prince, an Italian charged with hawking produce without a county license, was heard before Justice W. C. Johnston Friday afternoon.

Prince was recently fined \$25 for peddling produce in Chester, then took out a \$10 city license. He is a resident of East Liverpool. He employed counsel and O. O. Allison prosecuted the case before a jury, who disagreed.

The case comes up again Tuesday. Justice Bradley will conduct the hearing.

MORE INSPECTORS NEEDED.

Law For Better Protection From Fire Is to Be Advocated.

Pittsburg, Nov. 2.—Members of the state factory inspection bureau held a meeting yesterday, at which James Campbell, a state factory inspector, met with his deputies at the Seventh Avenue hotel.

Mr. Campbell states that the conditions in the manufacturing and mercantile establishments have greatly improved. There is great need for more deputy inspectors. During the recent session of the legislature Mr. Campbell tried to have a law passed to increase the number from 20 to 30, but he was allowed only five.

The rapidly with which new industries are springing up over the state requires more deputy inspectors. The 20 men last year looked after the interests of 783,000 working people. Mr. Campbell says the greatest need now is better protection from fire.

He will try to have a law passed requiring outside towers on all buildings over four stories high instead of fire escapes.

EXCITING CHASE AFTER A THIEF

Rochester, Pa., Man Made It Live-ly For a Man in a Boat.

SHOTS AND STONES USED

In the Battle Between Pursuer And Pursued, But the Suspect Was Over-powered And Landed in the Wells-ville City Jail.

There lies behind the bars in the city building a man who stands an excellent chance of "going the trip." His name he will not divulge. He is rather a tough looking customer, is of medium build and minus four fingers of his left hand. He was arrested over on the West Virginia shore after a hard and desperate chase which was given him by a man from Rochester, Pa., who claims that the prisoner stole some brass and a coil of rope from him.

The Rochester man, after missing the articles, heard that a man was seen around the river with some rope and other things and that he had floated down the river in a johnboat. He immediately got in a buggy and came to this city and watched for the man to arrive. In a very short time the fellow appeared and the Rochester man started out in the river after him. The suspect saw him and pulled for the other shore. Finding that he was being closely pursued he jumped overboard and swam to shore. Then he started up the bank on a run.

A few shots from his pursuer's revolver brought him to a halt, but he picked up some stones and hurled them at his follower. This did him little good, for he was soon brought to submission with the effect of a club and was dragged down to the river and brought to this side, where he was taken in charge by Constable Thorne and is now awaiting a hearing today before the mayor.

It is understood that the prisoner will not consent to go to Pennsylvania without requisition papers.

A ROUSING SPEECH

DELIVERED AT THE WELLSVILLE REPUBLICAN MEETING.

Hon. George W. Prince, of Illinois, Portrayed Campaign Issues in a Masterly Way.

The crowd which assembled in the auditorium of the city hall last night was small. This is attributed to the fact that several other attractions of general interest were held in various places over the city. The meeting, however, was filled with true Republican spirit and enthusiasm from start to finish.

The room presented a cheerful appearance, especially the stage, which had been artistically arranged by a committee. The beautiful national emblem hung on the surrounding walls, while on either side of the stage were excellent likenesses of several of our most prominent statesmen and politicians, among them that of Governor George K. Nash on the left, and that of President William McKinley on the right.

The speaker of the evening, Hon. George W. Prince, the well known congressman from Illinois; Attorney W. F. Lones and Dr. N. K. Mackenzie, took places on the stage shortly after 8 and the meeting was formally opened with an able introductory address by the acting chairman, Mr. Lones. With brief comment he presented the most important issues of the state and national government, at the conclusion of which he said:

"We have a gentleman with us who comes highly recommended as an orator of ability and worth and who will clearly point out to us the paramount ideas of the present most important campaign. That gentleman I now introduce to you, Hon. George W. Prince, of Illinois."

Congressman Prince well deserved this introduction, as was evidenced by the strict and uninterrupted attention given him throughout his discourse. He touched concisely but nevertheless very emphatically on every distinctive point pertaining to the ruling and government of this great nation. He showed with convincing statistics the condition of the people and the country of today as compared with the years 1893 to 1897 and portrayed clearly the imminent danger that would result if the country were again

thrown into the rule of Democracy.

After paying glowing tributes to Gov. Nash and Senator Foraker he ended his most satisfactory and able speech by saying:

"My dear friends, there is only one way for us American people to continue this unexcelled prosperity, and that is for every Republican to vote the straight Republican ticket from top to bottom for it hasn't a scab on it."

ENGINE BLEW UP.

One Man Killed and Two Others Were Scalded and Bruised.

THE ACCIDENT NEAR PITTSBURG.

Pilot Was Conducting Lake Shore Crew Over Pittsburg and Lake Erie Railroad—News of Ohio, Pennsylvania and West Virginia.

Pittsburg, Nov. 2.—An engine on the Pittsburg and Lake Erie railroad exploded and one man was killed and two others were seriously hurt.

The Dead.
Herman Walters, 40 years old, married; lived at Sherraden; neck broken and skull crushed; body removed to the morgue and later to an undertaking establishment.

The Injured.
John F. Sullivan, fireman, of Cleveland, O.; badly bruised and scalded; removed to the West Penn hospital; will probably live.
W. H. Porter, an engineer, of Ash-tahula, O.; contused wound of the forehead, badly bruised and cut; re-moved to the West Penn hospital.

Railroad Asked For Help.
The accident happened at Shanno-pin, near the line of Allegheny and Beaver counties. Owing to unusual freight traffic the superintendent of motive power of the Pittsburg and Lake Erie railroad appealed to the superintendent of motive power of the Lake Shore railroad for three engines. The request was complied with. In charge of Lake Shore crews the en-gines were started for Pittsburg.

As is the custom, an engineer or pilot meets the strange engines and remains with the crew until the loco-motive gets onto rails with which those in charge are familiar. On each engine sent here by the Lake Shore railroad was a pilot. Friday the locomotives moved about the Pittsburg and Lake Erie railroad yards.

After making up a large train the big Lake Shore engine, No. 734, Wil-liam Porter at the throttle, John Sul-livan on the other side of the cab, and Herman Walters the dead man,

acting as pilot, left the yards at Mc Kees Rocks and started north.

Blew Up at Shannopin.
From what could be ascertained from the officials of the Pittsburg and Lake Erie railroad, it seems that the engine moved along steadily and ap-parently in good shape until Shanno-pin was reached. Here the explosion happened and Engineer Walters lost his life.

FIRE AT UNIONTOWN, PA.

News-Standard Building and Plant Partially Destroyed—About 20 Buildings Burned.

Uniontown, Pa., Nov. 2.—The most destructive fire that ever visited Uniontown swept every building in the north side of Peter street, from Pittsburg street to Arch. The fire started in Freedman's livery stable, and spread rapidly on account of the lack of water with which to fight the flames. The mountain reservoirs are so low that there was scarcely any pressure to send the water through the hose attached to the fire plugs. Both creeks running through the town are also dry, so that there was not even enough to use with the steam fire engine.

Finally the Continental Coke com-pany turned their reservoir above town into Coal Lick creek and also started the pumps at their artesian wells. This set a stream of water flowing down the creek bed and sup-plied the engine with two hose throw-ing strong streams.

But by this time the flames had en-veloped everything east from Arch street to The News-Standard news paper building, on the corner of Pitts-burg and Arch streets. The upper stories of The News-Standard build-ing were soon ablaze, but the high and solid brick walls confined the flames within and checked the further spread of the fire. The finely finished Hebrew club rooms on the third floor and the composing room and job stock departments of The News-Standard office were gutted. A new Mergan-thaler linotype machine was de-stroyed, but the duplex printing press and the other heavy machinery of the office were saved, as the firemen were able to keep the flames from getting below the second floor.

The opera house, across the street, was on fire several times, as were also the McClelland hotel and Gor-ley's restaurant, but all were saved. Although the two last sustained dam-age to the amount of several thousand dollars. The \$35,000 worth of election ballots for Fayette county were printed at The News-Standard office during the week, and the last of them were finished and delivered at a late hour

The Principal Buildings Destroyed.

The principal buildings destroyed, besides the damage to The News-Standard office, were: Todd's livery stable, Dr. McGee's stable, Levi Van-sickle's frame dwelling and stable and contents, Rider's stable, Wilhelm's stable, Bierer's frame house and printing office, Mrs. Hall's boarding house, Mrs. Robert Knight's residence in the Standard building and Freed-man's stable. In all about 20 build-ings were destroyed or damaged, and the entire square from Pittsburg to Arch streets is left without one build-ing, except the brick walls of The News-Standard office.

Most of the buildings were partially covered by insurance. The total loss will approximate \$50,000, with insur-ance probably one-third that amount.

Fell Dead After Hunting.

Capon Bridge, W. Va., Nov. 2.—While conversing with his father-in-law, John Walters, near here, John Grove, a young farmer, suddenly threw up his hands and fell dead. He had just returned from a hunting trip and had the game that he killed in his hand. Heart disease is assigned for his death. He was aged 38 years and is survived by a family.

OPERATORS TO BE INVITED.

If They Fail to Meet West Virginia Miners, a Strike May Be Ordered Later.

Huntington, W. Va., Nov. 2.—The state miners' convention adjourned last night, after deciding to hold an-other convention in this city Nov. 26. There was also a call issued for a meeting here on Nov. 27, to which the operators of Virginia and West Vir-ginia will be invited. The conven-tion of two days resulted in nothing more than this. It is the object of the National Mine Workers' officials to have the state miners request the operators to confer with them. Owing to the fact that the national officials of the United Mine Workers will be busy from now until the time of the national convention in January it is thought very little work will be ac-complished in West Virginia towards increasing the membership in the or-ganization and establishing new unions. While the national officials were nearly all present and dominated the convention, the call for a con-vention with the operators is sup-posed to emanate from the state or-ganization. Prominent state and national officials of the order admit that they do not expect the operators to attend. If they decline it is expected a general movement will begin to-wards organizing the miners of the entire state. If they fail in this a sympathetic strike will be ordered.

While the national officials were nearly all present and dominated the convention, the call for a convention with the operators is supposed to emanate from the state organization. Prominent state and national officials of the order admit that they do not expect the operators to attend. If they decline it is expected a general movement will begin towards organizing the miners of the entire state. If they fail in this a sympathetic strike will be ordered.

Blood Wine Effects Interesting Cure of Dyspepsia.

Few people know that the Standard Oil King, whose wealth is so great that he can't count it, but estimated to be somewhere between two and three hundred millions, has been troubled for years with a serious derangement of the digestive organs, and while he could live on the best of the markets of the world produced he has been compelled to take out an existence on bread and milk. His case has recently been brought before the attention of the proprietors of "Blood Wine," who after a careful study of his trouble decided that their remedy would help him; and several bottles have just been shipped to the multi-millionaire. If Mr. Rockefeller takes "Blood Wine" as directed by the chemist, whose skill figured prominently in compounding this splendid remedy, we shall undoubtedly hear of his normal functions being restored.

JOHN D. ROCKEFELLER.

Stomach troubles, weaknesses throughout the digestive organs which cause constipation and upset the equilibrium of the whole system are brought on by irregular meals, imprudent eating and drinking, and a lack of the proper nourishment for the organs which secrete the gastric juices and make assimilation of the food possible. Some discretion should be exercised where stomach trouble is apparent, which if done and directions followed in using "Blood Wine," a permanent cure is almost sure to follow. "Blood Wine" makes digestive fluids, it supplies the missing something in the stomach that aids the digestion. It will overcome sick stomach, nausea, vomiting, help you to retain your food, and give you a good appetite. It extracts the nourishment from the food and turns it into flesh, tissues, membranes, nerves and muscles. It will cure in a reasonable time old cases of constipation and give the bowels a free easy action at regular periods. "Blood Wine" contains no wine or opiates.

"I sat at my desk all day and for twenty-five years was troubled with constipation. My bowels would not move except by fits and starts and my breath and saliva threw off an awful odor; my face burned, eyes ached and I had a dragged-out feeling all the time. Regular medical aid failed to produce but temporary relief. With some prejudice I tried "Blood Wine." One bottle helped me. I then had more faith in it and got another bottle. By using a little common sense in my mode of living and the use of four bottles I effected a thorough cure and now I am actually a different, practically a new man. William Cartin, Box 1246, Boston, Mass."

A COLLEGE PROFESSOR.

One of Georgia's Useful Educators is Grateful For What Pe-ru-na is Doing For Suffering Humanity.

F. A. Curtright, A. B., Principal of the Georgia Normal and Industrial Institute, and editor and proprietor of the "Georgia Helping Hand" writes the following glowing words concerning Peruna, and its efficacy in the cure of catarrh.

He says: "I was induced to try Peruna by the advice of a friend, and certainly believe that suffering humanity would be relieved if they only gave Peruna a fair trial. Would that I could frame words sufficient to express my gratitude for the benefits derived from its use."—F. A. CURTRIGHT, Greensboro, Ga.

Hon. W. N. Roach, United States Senator from North Dakota, in a letter written from Larimore, North Dakota, says:

"Persuaded by a friend, I have used Peruna as a tonic, and am glad to testify that it has greatly helped me in strength, vigor and appetite. I have been advised by friends that it is remarkably efficacious as a cure for the almost universal complaint of catarrh."—W. N. Roach.

Senator Roach's wife recommends Peruna also. She says: "I can cheerfully

recommend your excellent remedy, Peruna. Indeed, I know of no other remedy as good as yours. It is a grand tonic, and many of my friends have used it for catarrh with good results."—Mrs. W. N. Roach.

The most common phases of summer catarrh are catarrh of the stomach and bowels. Peruna is a specific for summer catarrh.

Mr. Wm. Hebley, Duquesne, Pa., writes:—"I am cured of catarrh of the stomach of two years standing. I had it so bad that I could not eat anything but milk. I doctored with several doctors and they could give me relief for a short time only. I saw Peruna recommended and thought I would try it, and I now think I am cured of catarrh. I have worked two months and did not lose a day."—Wm. Hebley.

Mr. Moses F. Merrill, Columbus, Cherokee Co., Kansas, Rural Route No. 3, writes:

"I had been troubled with systemic catarrh, which affected the lower bowels especially. I was troubled with running off of the bowels and troublesome catarrh of the bronchial tubes which caused spitting of thick mucus. Since taking Peruna my improvement has been wonderful. My bowels are regular as clock-work. I can now eat like other people and my vitals digest."—Moses F. Merrill.

Hon. Willis Brewer, Representative in Congress from Alabama, writes the following letter to Dr. Hartman:

House of Representatives, Washington, D. C.
The Peruna Medicine Co., Columbus, O.: Gentlemen—"I have used one bottle of Peruna for lassitude, and I take pleasure in recommending it to those who need a good remedy. As a tonic it is excellent. In the short time I have used it it has done me a great deal of good."—Willis Brewer.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

My bowels would not move except by fits and starts and my breath and saliva throw off an awful odor; my face burned, eyes ached and I had a dragged-out feeling all the time. Regular medical aid failed to produce but temporary relief. With some prejudice I tried 'Blood Wine.' One bottle helped me. I then had more faith in it and got another bottle. By using a little common sense in my mode of living and the use of four bottles I effected a thorough cure and now I am actually a different, practically a new man. William Curtis, Box 1246, Boston, Mass."

A COLLEGE PROFESSOR.

One of Georgia's Useful Educators is Grateful For What Pe-ru-na is Doing For Suffering Humanity.

F. A. Curtright, A. B., Principal of the Georgia Normal and Industrial Institute, and editor and proprietor of the "Georgia Helping Hand" writes the following glowing words concerning Peruna, and its efficacy in the cure of catarrh.

He says: "I was induced to try Peruna by the advice of a friend, and certainly believe that suffering humanity would be relieved if they only gave Peruna a fair trial. Would that I could frame words sufficient to express my gratitude for the benefits derived from its use."—F. A. CURTRIGHT, Greensboro, Ga.

Hon. W. N. Roach, United States Senator from North Dakota, in a letter written from Larimore, North Dakota, says:

"Persuaded by a friend, I have used Peruna as a tonic, and am glad to testify that it has greatly helped me in strength, vigor and appetite. I have been advised by friends that it is remarkably efficacious as a cure for the almost universal complaint of catarrh."—W. N. Roach.

Senator Roach's wife recommends Peruna also. She says: "I can cheerfully

recommend your excellent remedy, Peruna. Indeed, I know of no other remedy as good as yours. It is a grand tonic, and many of my friends have used it for catarrh with good results."—Mrs. W. N. Roach.

The most common phases of summer catarrh are catarrh of the stomach and bowels. Peruna is a specific for summer catarrh.

Mr. Wm. Hebley, Duquesne, Pa., writes:—"I am cured of catarrh of the stomach of two years standing. I had it so bad that I could not eat anything but milk. I doctored with several doctors and they could give me relief for a short time only. I saw Peruna recommended and thought I would try it, and I now think I am cured of catarrh. I have worked two months and did not lose a day."—Wm. Hebley.

Mr. Moses F. Merrill, Columbus, Cherokee Co., Kansas, Rural Route No. 3, writes:

"I had been troubled with systemic catarrh, which affected the lower bowels especially. I was troubled with running off of the bowels and troublesome catarrh of the bronchial tubes which caused spitting of thick mucus. Since taking Peruna my improvement has been wonderful. My bowels are regular as clock-work. I can now eat like other people and my vitals digest."—Moses F. Merrill.

Hon. Willis Brewer, Representative in Congress from Alabama, writes the following letter to Dr. Hartman: House of Representatives, Washington, D. C.

The Peruna Medicine Co., Columbus, O.: Gentlemen—"I have used one bottle of Peruna for lassitude, and I take pleasure in recommending it to those who need a good remedy. As a tonic it is excellent. In the short time I have used it it has done me a great deal of good."—Willis Brewer.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

OLD SCHEME IN NEW SHAPE

A Lisbon Editor, Posing As Inde-pendent, Shows His True Colors.

FOR PARTISAN PURPOSES

He Refuses to Give Sheriff Noragon an Equal Chance With His Oppo-nent—His Boasted Fairness Merely a Bluff.

Lisbon, November 2.—(Special)—The editor of the Ohio Patriot, of Lisbon, whose posing as a friend of labor during the late Amalgamated Association fight excited ridicule and contempt by reason of his demagogic utterances, has thrown off the mask, during the closing hours of the cam-paign.

His professed friendship for labor was inspired solely by hope of gain. His outrageous attacks on Sheriff Noragon, in his daily paper, show the true situation. He denies the sheriff a right to publish in his paper—an alleged independent sheet—his side of the controversy. His columns are filled with abuse and misrepresenta-tion of the sheriff.

It is the same old Democratic scheme to defeat a Republican officer, and Republicans will not be caught napping on election day.

In furtherance of the Democratic scheme to encompass the defeat of Sheriff Noragon, Potts, of the Patriot, refused to publish an open letter from the Brotherhood of Locomotive En-gineers in commendation of Sheriff Noragon. This, too, after opening his columns to similar communications condemning the sheriff. Potts has been posing as the friend of organized labor, yet he refuses to permit, for partisan reasons, public expression from one of the oldest and best labor unions in the country.

The following is from the Ohio Pa-triot of Wednesday, October 30:

"The story in last evening's daily, giving Sheriff Noragon's side of the strike story, has caused much com-ment among Lisbon people and many have abused the Patriot. We will say that the Patriot believes in giv-ing both sides an equal footing, and we always endeavor to treat every-body alike. If Mr. Noragon has any defense, why should he not express it? The Patriot has always treated labor organizations right and we are staunch friends of the laboring man."

The above sounds very well, but the truth is that, following the publica-tion of Sheriff Noragon's side of the controversy, came from all quarters much comment to the sheriff. This fact dismayed Potts and the Demo-cratic readers. A change of tactics was decided upon and the columns of the alleged independent daily paper were closed to Sheriff Noragon and his

RETARDED BY CAR SHORTAGE.

Business Has Expanded More Rap-idly Than Transporting Facili-ties Have Improved.

New York, Nov. 2.—R. G. Dun & Co.'s Weekly Review of Trade, issued today, said in part:

Although the latest railway returns indicate that transporting facilities have greatly improved, the nation's business has expanded more rapidly. Car shortage has in fact become the chief retarding feature. From all sections of the country and many lines of industry complaints are heard regarding the inability to move goods. Probably the delay has been most aggravating in the case of coal, un-seasonably high temperature alone preventing serious inconvenience. Not only are domestic requirements enormous, but coal is becoming an important article of export, partly owing to labor controversies in France and Great Britain and also to the British export tax. Mild weather affects retail distribution to a very marked degree, orders for heavy weight goods being cancelled in some cases where manufacturers are be-hind with deliveries. That the vol-ume of legitimate business is not be-ing curtailed, however, is evidenced in the gain in bank exchanges at New York of 27.4 per cent over last year and 7.9 per cent over the same week in 1899. At other leading cities the increase is equally striking, 20.1 per cent over 1900 and 9.6 over 1899.

Not only are steel mills many months behind orders and prompt de-liveries commanding premiums, but even where goods are ready for cus-tomers it is often impossible to ship because of inadequate railway facili-ties. Structural material is urgently sought, and mild weather prolongs the season for buying pipe. Steel rail orders increase and the fancy prices asked for billets have brought imports from Germany, where indus-trial depression makes it possible to sell at very low figures. Domestic quotations do not alter, though list figures are not considered on deliv-eries before the year's end.

Irregularity prevailed in the mar-kets for staples. Speculators secured a distinct decline from the unusually high position recently attained by port products, while at the same time corn made a further advance. Poor husking reports were held responsi-ble for the rise in the cereal, and there was a natural falling off in ex-ports. Wheat came to market more freely.

Pyjamas.

Women's pyjamas are one of the novelties of the day. They are made up in fancy and figured hainsook. Some of the materials are particularly attractive, being sprinkled all over with tiny silk figures. The pyjamas seen thus far are mostly imported, but it is expected that patterns of Ameri-can make will soon appear.
